

# PRESS RELEASE

FOR IMMEDIATE RELEASE

APRIL 15, 2015

---

Atlantic Machinery Corporation, located in New Milford, CT is pleased to announce it has been named exclusive importer and distributor of VITAP SpA of Poggibonsi, Italy, effective March 2015.

VITAP is a major machinery manufacturer that was established in 1954, specializing in high quality boring and edge banding equipment, ranging from manual machines to semiautomatic and fully automatic models for high output.

For the last ten years, VITAP has also been the original manufacturer of the ECLIPSE, a revolutionary semiautomatic contour edge bander and trimmer system that can handle even large parts with demanding concave and convex profiles.

Atlantic Machinery Corp. which entered its 31<sup>st</sup> continuous year in business, will be providing machines, spare parts and technical support to distributors and customers alike for all VITAP machines in the U.S.
