

SC 30 8.5' Sliding Table Saw

SPECIFICATIONS

- Cast iron work table
- Anodized aluminum sliding carriage on precision guides
- Saw blade adjustable via hand wheels
- Mechanical digital read out for saw blade tilting
- Belt driven scoring unit, shared HP with main motor
- Saw blade guard mounted to riving knife
- Rip fence w/ eccentric locking & fine adjustment
- Squaring frame w/ telescoping fence & flip-over stops
- Eccentric clamping
- Dado capacity
- Table w/ extension on out-feed side

ELECTRICAL DATA

- Service, 230 V – 1 Ph – 60 Hz
- Magnetic starter w/ overload protection

TECHNICAL DATA

• Squaring capacity	2660 mm	105"
• Max blade diameter saw blade	315 mm	12.4"
• Manual blade tilt	90-45°	90-45°
• Max cutting height (w/ 315 mm at 90°)	100 mm	3.9"
• Max cutting height (w/ 315 mm at 45°)	70 mm	2.75"
• Blade speed	3800 rpm	3800 rpm
• Score saw blade diameter	120 mm	4.75"
• Dado capacity	8" diam.	¾" width
• Diam. of exhaust outlet at base	120 mm	4 ¾ - 5"
• Blade projection with exhaust outlet dia.	60 mm	2.36
• Cutting width on rip fence	1270 mm	50"
• Main/ Scoring blade motor power		4.8 hp
• Machine weight		1,200 lbs
• Max Overall machine dims. (inc. stroke & rip)		238" x 140"
• Power/ Electrical	230v - 1ph – 60Hz. 26 amps
