

## SC 30S 5.5' Sliding Table Saw

### SPECIFICATIONS

- Cast iron work table
- Anodized aluminum sliding carriage on precision guides
- Saw blade adjustable via hand wheels
- Mechanical digital read out for saw blade tilting
- Saw blade guard mounted to riving knife
- Rip fence w/ eccentric locking & fine adjustment
- Squaring frame w/ telescoping fence & flip-over stops
- Eccentric clamping
- Table w/ extension on out-feed side

### ELECTRICAL DATA

- Service, 230 V – 1 Ph – 60 Hz
- Magnetic starter w/ overload protection
- Main switch lock out

### TECHNICAL DATA

• Squaring capacity	1660 mm	65"
• Cutting width on rip fence	1270 mm	50"
• Main table dimensions	560 x 840 mm	22 x 33"
• Main/ scoring blade max diameter	315 / 100 mm	12.40 / 3.9"
• Blade tilt	90 - 45°	90 - 45°
• Max. cutting height @ 90°/45° (w/ 315 mm Ø blade)	100 / 70 mm	3.9 / 2.7"
• Saw blade speeds - Main	3800 rpm	3800 rpm
• Dust extraction outlet at machine base	120 mm	4.75"
• Dust extraction outlet at exhaust hood	60 mm	2.35"
• Main blade motor power		4.8 Hp- S6
• Machine weight		1,047 lbs
• Arbor Size (Main / Scoring)		1 / 3/4"
• Overall Machine Dimensions (stroke x width)	4395 x 4775 m	173 x 185"
