

XENIA 30 10.5' Sliding Table Saw

SPECIFICATIONS

- Cast iron work table
- Anodized aluminum sliding carriage steel guides
- Saw blade adjustment by hand wheels
- Digital readout for saw blade tilt
- Saw blade guard mounted to riving knife
- Independently powered scoring unit
- External setup on score saw
- Squaring frame w/ telescoping fence & flip stops
- Rip fence w/ eccentric locking & fine adjustment
- Eccentric clamping
- Table w/ extension on out-feed side
- Automatic brake on main saw blade

ELECTRICAL DATA

- 230 V – 3 Ph – 60 Hz. 29 Amps
- Overload protection w/ direct start main motor
- Main switch lock out

TECHNICAL DATA

• Squaring capacity w/ extended stop	3200 x 3200 mm	126" x 126"
• Cutting width on rip fence	1270 mm	50"
• Main table dimensions	940 x 560 mm	37 x 22"
• Main/ scoring blade max diameter	315 / 120 mm	12.40 / 4.72"
• Blade tilt	90-45°	90-45°
• Score saw blade diameter	120 mm	4.72"
• Max. cutting height @ 90°/45°	100 / 70 mm	3.95 / 2.75"
• Saw blade speeds- Main/Scoring	4000 / 8500 rpm	4000 / 8500 rpm
• Diameter of dust extraction outlet at machine base	120 mm	4.75"
• Diameter of dust extraction outlet on saw guard	80 mm	3.15"
• Main blade motor power		11 Hp – S6
• Scoring unit motor power		1.3 Hp
• Machine weight		1,800 lbs
• Arbor Size (Main/ Scoring)		1 / 3/4"
• Overall Machine Dimensions (stroke x width)	7100 x 5050mm	280" x 199"

***Main & scoring blades not included**
